## \*Required information

- Do you intend to retain an attorney?
- Are you an agency, corporation, partnership, limited liability company, trust, government body or an unincorporated association? If yes, then you must be represented by an attorney in the contested case process, unless exempt under statute.

## Indicate why you are appealing the wildfire hazard classification or wildland-urban interface designation:

- The hazard value or wildland-urban interface assignment is not consistent with the adopted rules.
- The criteria of the hazard map (climate, weather, topography, vegetation) were not applied correctly.
- Additional issues as specified below:

**Specify the issues to be addressed and relief sought, elaborate on checked boxes above\*:** (fillable text box below)

ORS 477.490 establish that the criteria used in development of the wildfire hazard map are limited to only four factors: climate, weather, topography, and vegetation. Other criteria, such as completion of defensible space, proximity to a fire station, home hardening, and non-agricultural related irrigation cannot be considered in calculating the hazard value.
